end of list

Acceptable classroom CE hours not listed above:

A resident North Dakota real estate (ND RE) licensee can count continuing education (CE) hours completed in a classroom course held in a state other than North Dakota if the licensee attends the class in person, that state's real estate commission has approved CE hours for that course, and the licensee has a certificate or proof of completion. Reciprocal and non-resident North Dakota licensees must meet the CE requirements in their state of residence only. **NDREC will accept CE credit for out-of-state real estate commission-approved classroom courses that have been delivered online or in a different format to meet current health guidelines or directives, provided the licensee is issued a certificate of completion.**
